

# Magnetic Reporting of W-2, W-2G, and 1099 Information to the Michigan Department of Treasury

## General Information

The Michigan Department of Treasury requires employers with 250 or more Michigan employees to file MI-W-2 information on magnetic tapes, CD, or diskettes. Smaller employers are encouraged to use magnetic media, but may file using the state copy of the federal W-2. W-2 reports are due February 28. Late filing is subject to penalty as provided under the Revenue Act.

**Do not enclose your annual return with your W-2 report. Mail your annual return to the address on that form.** Do not duplicate on paper forms any information filed on magnetic media.

**For W-2 reporting**, the State of Michigan accepts both the TIB-4 (see formats on pages that follow) and the federal MMREF-1 format. **If you choose to send a copy of your federal MMREF-1 filing, you must be sure that the Code RS State Record** (optional for federal reporting) **is filled in.** Within the RS record, Treasury will be looking for the following positions:

1-2	<b>Record Identifier</b>	117-138	<b>City</b>
3-4	<b>State Code "26"</b>	139-140	<b>State Abbreviation</b>
5-9	Blank	141-145	<b>ZIP Code</b>
10-18	<b>SSN</b>	146-149	<b>ZIP Code Extension</b>
19-33	<b>Employee First Name</b>	150-247	Blank
34-48	<b>Employee Middle Name</b>	248-267	<b>State Employer Acct #</b>
49-68	<b>Employee Last Name</b>	268-275	Blank
69-72	Blank	276-286	<b>State Taxable Wages</b>
73-94	<b>Location Address</b>	287-297	<b>State Income Tax Withheld</b>
95-116	<b>Deliver Address</b>	298-512	Blank

Treasury will ignore any other fields included in this record.

You do not need to apply in advance to submit W-2 information on magnetic media, or submit test media. You must, however, send the *Transmittal for Magnetic Media Reporting of W-2s, W-2Gs and 1099s to the State of Michigan* (Form 447) with your magnetic tapes or diskettes. If this form is not completed and included with your media, your media may be rejected and returned to you unprocessed.

If your transmittal, tapes or diskettes indicate any unacceptable specifications, they will be returned to you. If your tapes or disks are returned, it is your responsibility to resubmit them in an acceptable format. However, the original submission is considered a timely filing if it was mailed by February 28.

## 1099-MISC Reporting

1099-MISC for services performed in the State of Michigan, regardless of the state of residence of the payee, must be filed with the State of Michigan whether there was withholding or not. See the following pages for filing instructions.

## Waivers and Extensions

Section 365, subsection 1, of the Income Tax Act of 1967, [MCL 206.365 (1)] states that a duplicate of form W-2 made pursuant to this section and an annual reconciliation return shall be filed with the Department of Treasury by February 28 of the succeeding year. **Consequently, the department cannot grant an extension.**

## Retention

Tapes and disks that are acceptable to process will not be returned. You should keep a copy of your magnetic media file for 14 months. You must keep a copy of the W-2 data, or be able to reconstruct the data, for six years after the due date of the report.

## Corrections

Corrected magnetic media files should be clearly marked "*CORRECTED*" and sent to the address below. Paper W-2Cs that are correcting information submitted on magnetic media should also be sent to the address below.

## Mailing Information

The tapes or diskettes must arrive in good condition. Tapes must be placed in plastic reel containers and packed in cartons. Diskettes must be packed in cardboard diskette mailers. The packages should be labeled as containing magnetic media and should be marked "fragile."

**Ship packaged magnetic media with your completed transmittal (Form 447) to:**

**Return Processing Division  
Magnetic Media Unit - SUW  
Michigan Department of Treasury  
Lansing, MI 48922**

## Michigan Diskette Technical Requirements

Data must be recorded in ASCII on 3.5 inch double density or high density diskettes. **Treasury does not accept 8 inch diskettes.** When transferring files from 8 inch diskettes, use only the DOS random file format. Do not use the ASCII text file format. Each diskette must contain the entry W-2REPORT as the file name. The diskette must not contain any files other than W-2REPORT. Record data in upper case letters only.

Label each diskette on the outside with this information: name and FEIN of transmitter, type of document represented (W-2), payment year and number of employees. For multi-volume diskette reports, the diskette labels MUST indicate the proper sequence (e.g., Vol. 2 of 3).

Treasury requires the data below for each diskette submitted. If the diskette contains records or data other than that listed, it will not be read. Record length must not be more than 128.

Diskettes must be formatted with DOS 2.X or above. Be sure to format the diskette to the proper size. Don't format double density diskettes as high density diskettes. If a multi-volume file is needed, create it using the DOS "backup" command. Do the backup from the root directory of your C: drive.

MI-W-2 employee name and address and state tax information must be reported in the Code 1S and 2S record (these are defined in the federal specifications but are optional for federal filing.) In most cases Treasury can accept a copy of your federal diskettes as long as employee information is properly recorded in the Code 1S and 2S records.

## Michigan Media Technical Requirements

Each media sent must be identified externally with a stick-on label listing name and federal employer identification number (FEIN) of transmitter, type of document represented (W-2), payment year, number of employees, density, recording mode, record size and blocking factor.

Treasury accepts IBM 3480 and 3490 compatible cartridges using the same requirements as defined by the IRS (IBM Standard Label, EBCDIC, 37,871 BPI Density). Acceptable W-2 and 1099 data should have Record Length: 276; Blocking Factor: 1-25. Treasury will accept ASCII fix length records submitted on floppy disk or CD-Rom. 9-track reels are also accepted.

Multi-volume tapes are not acceptable. We require only the data below for each tape submitted. If the tape contains records or data other than that listed, it will not be read. Record data in upper case letters only.

MI-W-2 employee name and address and state tax information must be reported in the Code S record (S records are defined in the federal specifications but are optional for federal filing.) In most cases a copy of your federal tape is acceptable as long as employee information is properly recorded in the S record.

## W-2G and 1099 Series Forms

**Treasury does not require the filing of W-2G information by payers unless Michigan taxes have been withheld.**

Michigan does not participate in the combined Federal/State Filing Program of W-2G or 1099 series forms. Payers with 250 or more W-2G or 1099 records to report must file the information to Michigan using either the publication 1220 format or W-2 magnetic media specifications. Payers with fewer than 250 W-2Gs or 1099s to report may file either magnetic media or the paper copy of the W-2G or 1099 with the annual return. See the Treasury Web site for FAQs:
